The Tree of Life

Our Enablement Care residents have been enjoying some colouring and have been reflecting upon all of the things that they are really going to appreciate at the end of the Coronavirus restrictions.

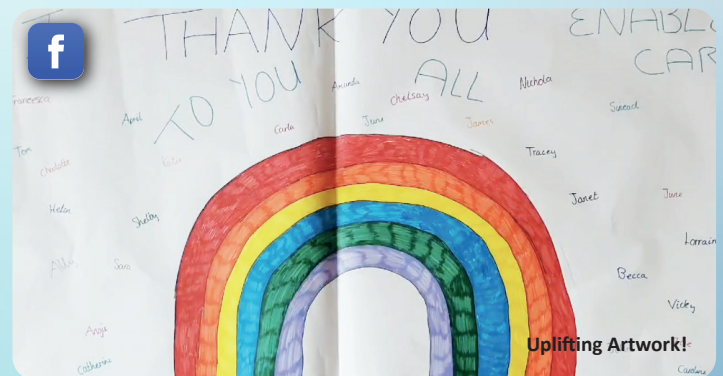

Our Directors take to Visor Printing!

Our Directors have been keeping busy as usual and have even cracked 3D visor printing! This is an invaluable resource, and much appreciated by staff.

This is My Fight Song!

Our Director's children are both managing lockdown well, despite the challenges of Autism and the many changes they have had to cope with.

They have produced a brilliant rendition of Fight Song & artwork tribute to all staff that was recently posted to our Facebook pages. This certainly brightened our day!

The Launch of Becca's Life Skills Academy on YouTube!

We have seen some brilliant adaptations to the way that many of us work recently, not least from our very own Specialist Provision Lead, Becca, who has launched her 'Life Skill's Academy' on our CCT Community Enablement Team channel.

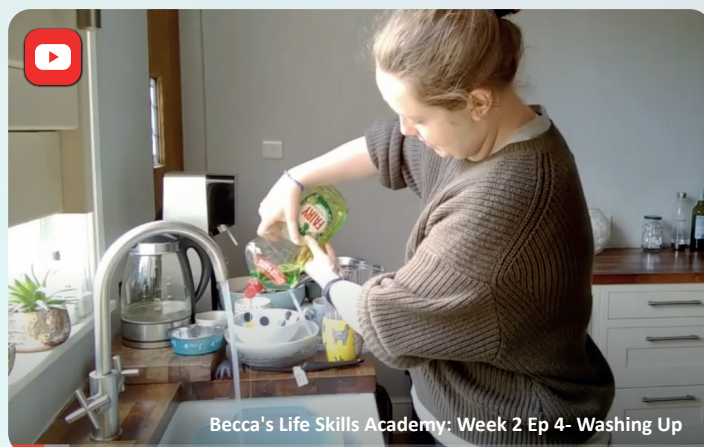

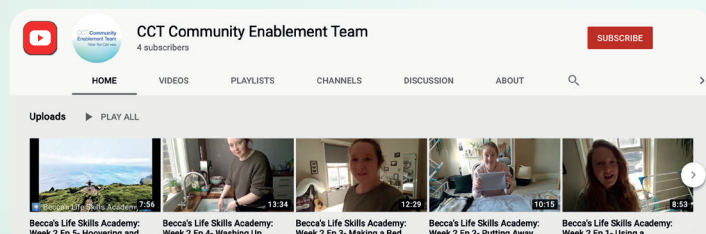

Becca guides us through our day to day living tasks including doing the laundry and washing up, in a really clear and easy to understand way.

There's no excuses now, thanks Becca!

Some of our Community Enablement Team Service Users have been busy making their own time capsules!

These will be so interesting to dig back up again in a few years!

Fresh Air and Green Fingers

Our Enablement Care residents have been making the most of the sunshine in the garden and have been sowing some flower seeds!

A Spot of Window Decorating!

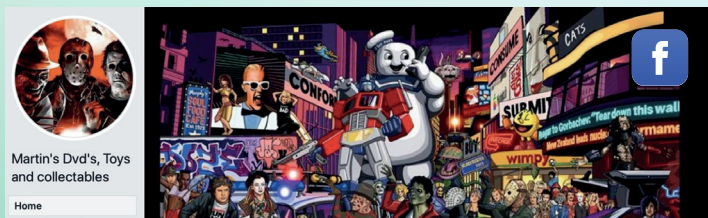

We just can't help but smile when we look at this brilliant window decor by the staff and residents at Enablement Care. Some great message bubbles too!
